Monthly Bulletin

October 2026

Dear Partners, Donors and Friends, your love and continued support have brought us this far. This bulletin highlights the activities made possible through your kindness.

Education

As part of our usual Guidance and Counselling Session this month, we engaged the children on the importance of “Honour”. The session explored the signs of honour, dangers of failing to show honour, as well as the blessings that come with showing honour.

Some of the teachers in The Potter’s Palace Christian School also participated in a two-day workshop for non-professional teachers towards obtaining temporary teaching certification.

In addition, our teachers took part in the National Continuous Professional Development (CPD) Day for private school teachers. The program was held under the theme “Mental Health and Psychosocial Well-being of Teachers,” the programme focused on practical strategies for promoting mental health, strengthening resilience and creating supportive school environments. The day was observed as a holiday for all learners.

Staffing

Our staff participated in a stress management training facilitated by a licensed psychologist and clinical specialist. The session equipped staff with practical approaches to managing stress, improving emotional well-being in their daily responsibilities.

We also paid a solidarity visit to Panbros Salt Industries Limited, where our Board presented a citation in appreciation of the organisation's continued support. This visit was a gesture of gratitude for their invaluable contribution to our work and the well-being of the children.

Health

The CHPS Compound of the Shai Osudoku District provided free health screening services for the children (0 – 5 years) in our home, we are grateful to the team.

During the month, one child received eye examinations and three were taken to the hospital for medical attention. A few children experienced common cold symptoms and received the necessary treatment.

All the children are doing well and are in good health.

Other News

Our end of month was marked by our Anointing and Thanksgiving Service, during which we expressed our gratitude to God for His continued protection, provision and faithfulness.

We also celebrated the birthdays of our October celebrants.

The Department of Social Welfare and Community Development (DSWCD) of the Shai-Osudoku District Assembly conducted a routine monitoring exercise to assess the quality of care provided to children, confirm compliance with the standards and profile the children in the home.

Project 2026

The unfinished structure above, which is intended to serve as a **Girls' Dormitory and Centre for Battered Women** is the building project we are focusing on currently. When completed, it will provide a safe and supportive space for our girls who are currently sleeping in a structure meant to serve as a clinic for the home. It will also serve as a shelter for women who go through different forms of abuse.

We are grateful to all our Partners, Donors and Friends who have contributed to enable us get this far. We would also like to specially thank those who supported us to plaster inside of the building and lay pipes for electrical cables. God bless you richly.

The next and very vital phase is the fixing of doors and windows. We remain hopeful and committed as we continue this important work.

The organisation needs your support with the items in the table below:
